

Yes. With **4 hours**, you can do much better than just memorizing definitions. Focus on the topics most commonly asked in HRM exams and prepare 5–10 mark answers.

4-Hour HRM Crash Course (MBCP2003)

Hour 1: HRM Basics + Human Resource Planning

1. Human Resource Management (Very Important)

Definition

Human Resource Management (HRM) is the process of planning, recruiting, selecting, training, compensating, and maintaining employees to achieve organizational goals.

Objectives of HRM

1. Achieve organizational goals
2. Efficient utilization of manpower
3. Employee satisfaction
4. Employee development
5. Good industrial relations

Functions of HRM

Managerial Functions

- Planning
- Organizing
- Directing
- Controlling

Operative Functions

- Recruitment
- Selection
- Training
- Compensation
- Performance appraisal
- Employee welfare

Difference Between Personnel Management and HRM

Personnel Management	HRM
Administrative	Strategic
Employee cost	Employee asset
Short-term focus	Long-term focus

Limited employee participation

High employee participation

Expected Question:

"Define HRM and explain its functions."

2. Human Resource Planning (HRP)

Meaning

Estimating future manpower requirements and ensuring the right people are available at the right time.

Steps in HRP

1. Analyze organizational objectives
2. Forecast manpower demand
3. Forecast manpower supply
4. Identify gaps
5. Recruitment or training
6. Evaluation

Importance

- Avoids manpower shortage
- Reduces labor cost
- Improves productivity
- Supports expansion plans

Expected Question:

"Explain the process of Human Resource Planning."

Hour 2: Recruitment, Selection & Performance Appraisal

Recruitment

Meaning

The process of attracting qualified candidates for jobs.

Sources

Internal Sources

- Promotion
- Transfer

- Employee referrals

External Sources

- Campus recruitment
- Employment exchanges
- Job portals
- Advertisements

Advantages

- Large talent pool
 - Better choice of candidates
-

Selection

Meaning

Choosing the best candidate from applicants.

Selection Process

1. Application screening
2. Written tests
3. Interview
4. Reference check
5. Medical examination
6. Appointment

Recruitment vs Selection

Recruitment

Positive process

Attracts candidates

Large pool

Selection

Negative process

Rejects unsuitable candidates

Final choice

Very Important Question:

"Differentiate recruitment and selection."

Performance Appraisal

Meaning

Systematic evaluation of employee performance.

Objectives

- Promotion decisions
- Salary revision
- Training needs identification
- Employee motivation

Methods

Traditional

- Ranking
- Rating scales
- Confidential reports

Modern

- 360-degree feedback
- MBO (Management by Objectives)

Expected Question:

"Explain performance appraisal and its methods."

Hour 3: Training & Development + Compensation

Training

Definition

Improving employee skills for present jobs.

Objectives

- Increase productivity
- Reduce mistakes
- Improve quality
- Enhance morale

Methods

On-the-job Training

- Coaching
- Job rotation
- Apprenticeship

Off-the-job Training

- Lectures
- Seminars

- Case studies
-

Development

Meaning

Preparing employees for future responsibilities.

Training vs Development

Training	Development
Present job	Future job
Short-term	Long-term
Skill focused	Career focused

Very Important Question:

"Explain Training and Development."

Compensation Management

Meaning

Providing monetary and non-monetary rewards to employees.

Components

1. Basic salary
2. Allowances
3. Bonus
4. Incentives
5. Fringe benefits

Objectives

- Attract talent
- Retain employees
- Motivate workers
- Ensure fairness

Incentives

Financial

- Bonus
- Profit sharing

- Commission

Non-Financial

- Recognition
- Promotion
- Flexible work

Expected Question:

"Explain compensation management and its objectives."

Hour 4: Industrial Relations + Revision

Industrial Relations (Most Important Unit)

Meaning

Relationship between employees, employers, and government.

Objectives

- Industrial peace
 - Employee welfare
 - Productivity improvement
 - Conflict reduction
-

Trade Union

Definition

Association of workers formed to protect their interests.

Functions

- Collective bargaining
 - Employee welfare
 - Dispute settlement
 - Worker representation
-

Collective Bargaining

Meaning

Negotiation between management and workers regarding employment conditions.

Features

- Group process
- Continuous process
- Voluntary process

Importance

- Better wages
 - Industrial peace
 - Improved communication
-

Grievance Handling

Steps

1. Receive complaint
 2. Investigation
 3. Discussion
 4. Decision
 5. Follow-up
-

One-Page Revision Sheet (Memorize Before Exam)

HRM Functions

Planning → Recruitment → Selection → Training → Compensation → Appraisal → Industrial Relations

HRP Steps

Demand Forecast → Supply Forecast → Gap Analysis → Action Plan

Selection Process

Application → Test → Interview → Reference Check → Medical → Appointment

Training Cycle

Need → Design → Implement → Evaluate

Compensation Components

Salary → Allowances → Bonus → Incentives → Benefits

Industrial Relations

Trade Union → Collective Bargaining → Grievance → Discipline → Industrial Peace

Most Probable 10-Mark Questions
